

# Radar-Speed Trailer with Large Full-Matrix Display

# US and international radar-speed signs for neighborhoods and highways

- Extra-large full-matrix display
- Selectable speed setting
- Streamlined see-through design
- Regulatory speed-limit sign
- Battery powered & solar charging

Wanco's new speed display is the largest portable speed sign available today. Visible over a standard Jersey barrier traffic divider, the giant display shows motorists' speed in 26-inch characters, which flash when a vehicle exceeds the user-set speed limit.

The selectable overspeed message flashes **SLOW DOWN** or a frowning face symbol, together with optional flashing red-and-blue "police" lights. Factory-configured units show motorists' speed in mph (one or two digits) or km/h (up to three digits).

A regulatory sign above the display features changeable speed-limit numbers for easy setup in any speed zone. The electronic display rotates to face traffic and includes visors and shades that produce superior visibility. The trailer's see-through design puts pedestrians in view, improving their safety—particularly in dangerous, high-risk areas. The solar-powered battery-charging system provides longer run times.
